Oct 27

Picture Gallery Indoor Exhibitors

Cost: £30 per day/event.

This is for standard size single space with provision of one 6ft table and a chair) Artists will have space for around 2-3 floor easels behind and next to table (depending on size of work). Total space behind table for work on easels measures approx 9ft. There is also space for one floor print browser (at side of trestle table) as well as table top easels. Please do not stand anything in front of your trestle due to keeping visitor access clear.

We will also have some centrally positioned table-top only displays more suited to makers and artists with table-top only requirements. These will also allow space for a floor-standing print browser at one side **or** a small shelf stand (not both as one side will be kept clear for access).

Please do not attach anything to walls, woodwork or marble columns.

We will be able to use some of the Gallery's own furniture for display only. I will notify artists near this furniture when I am planning my layout and table allocations.

Arrangements will be made separately with an individual artist or groups of artists about requests to exhibit single or groups of larger works on floor easels or plinths, which may separate or part (additional) of their pitch.

(Please provide information or requests to accommodate larger works in the section

below).

**Outdoor artist/maker own Gazebos/Stalls:
Outdoor pitches Cost £20 per day.**

Outdoor exhibitors must bring their own suitable gazebo, tent or stall measuring no more than 3mx3m (Please provide measurements and information about it) also need to provide own tables, chair and display stands.

Two artists or makers can share own stall/gazebo as long as both apply separately on booking form and provide all required information about their work and planned display set up. Both traders would need their own PLI.

Outdoor exhibitor will need to be able to erect own stalls/gazebos at allocated and be self-sufficient (ie totally independent of interior space even in event of bad weather). Nothing can be brought into house or gallery from outside nor stored there overnight.

All gazebos or other structures must be suitable for all weather outdoor use, compliant with Health and Safety regulations, properly weighted and tethered. Artists outside should bring their own tables and display furniture.

All gazebos must be emptied of stock overnight as there is no security on site. No stock can be stored at Paxton House.

Gazebos can be left in situ overnight, as long as properly weighted and secured and only if bad weather/wind is NOT forecast. If wind etc is forecast, gazebos will need to be dismantled overnight and removed from the site to avoid being blown away and causing possible injury or damage.

All liability for outdoor displays, gazebos and stock is the artists and should be covered by their own PLI.

Please see additional info sheet for more about gazebos and outdoor displays.

Artists/Makers can use outdoor Gazebo for own art/craft demos as part of the event – please let us know.

All artists selling should have their own Public Liability Insurance. If two artists are sharing a gazebo with their own creations, they will both need to have their own insurance.

Please provide as much information as possible about your structure, planned style and size of display and details about what you plan to exhibit and sell.

*Trestle tables and chairs are only provided for indoor exhibitors in Gallery

*We reserve the right to refuse or remove any structures or products that do not fit our ethos or have not been notified about in advance.

We reserve right to remove any gazebos or stalls if bad weather is forecast or turns bad during the day and is deemed unsafe to continue. Please see further info on event information sheet.
